Lasi anotāciju,
elektroniski rezervē grāmatu
un mēs Tevi gaidīsim!

**Jaunās lasāmvielas
klāsts šomēnes ir
patiesi iespaidīgs,**

tāpēc katru iespieddarbu
neraksturosim, lai lieki nekavētu
Tavu, lasītāj, uzmanību.
Īsi noraksturot? Būtībā ir
nepateikt neko, tāpēc skati pats
un izvēlies sev tīkamāko
grāmatu. Ērtības labad esam
centušies sagrupēt.
P.S. Dzejas dienu gaidās nav
aizmirsti arī dzejas mīļi.

Skaties, meklē, izbaudi!

"Ļoti vajadzīgs kritisks skatījums uz mūsu kultūras neprātīgajiem pieņēmumiem par darbu, produktivitāti un jēgpilnu dzīvi."

Marks Mensons,
dāpārdokļa *The Subtle Art of Not Giving a F**k* autors

VIESTURS KAĶIS

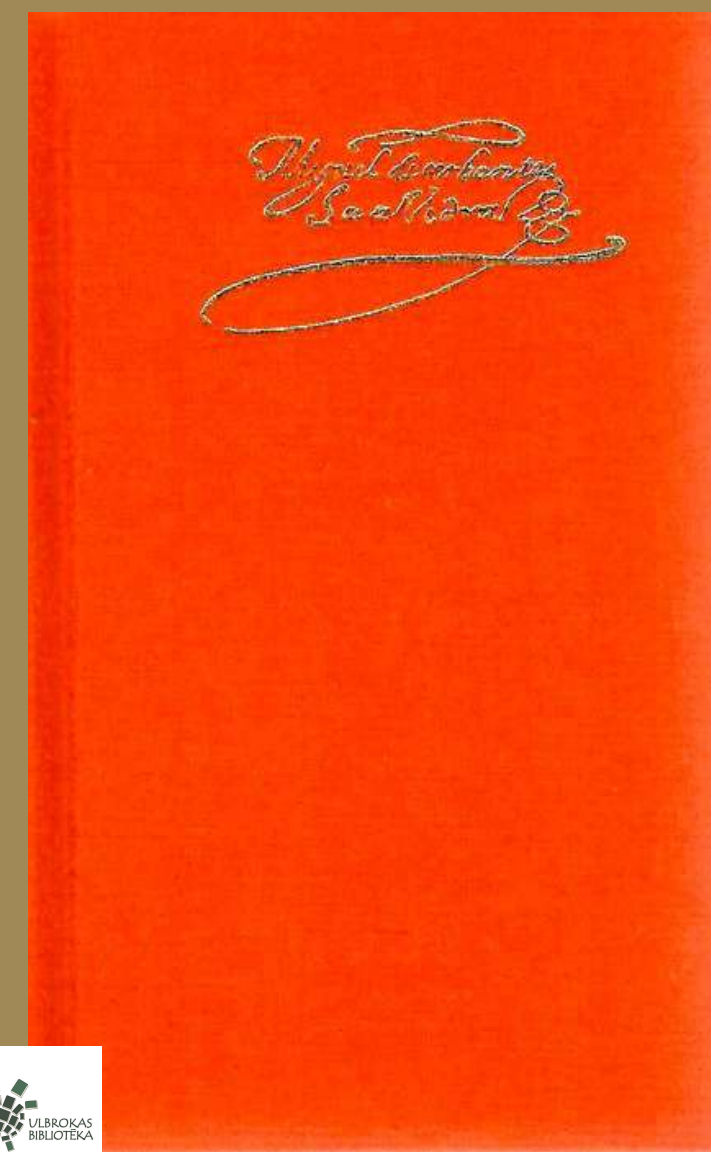

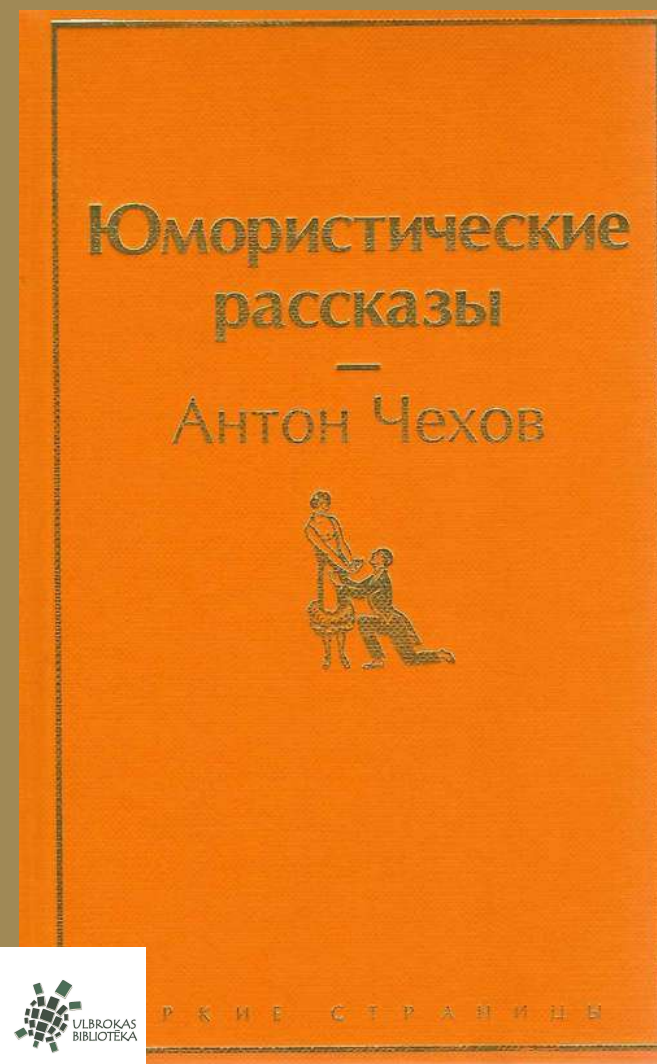

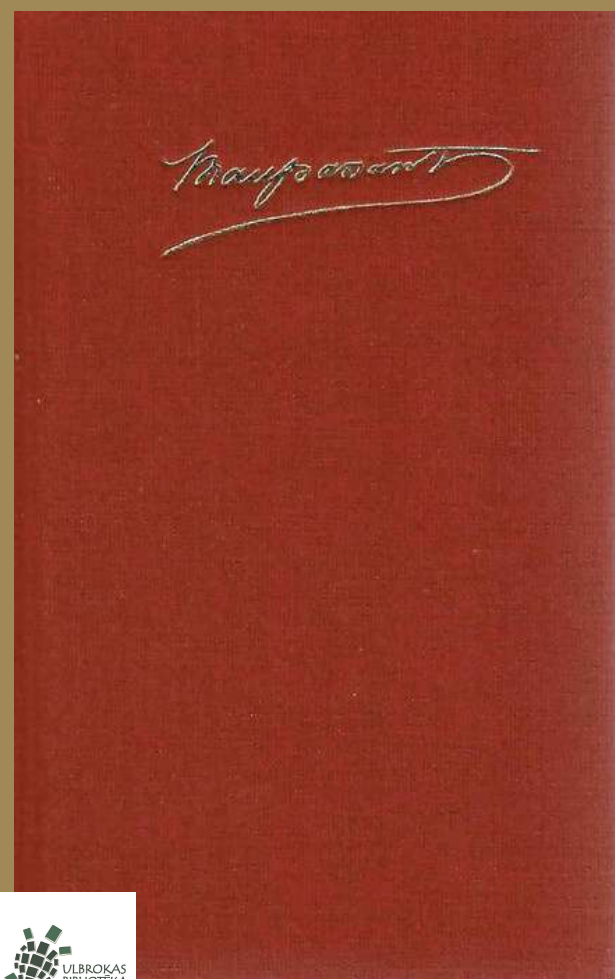

Lūzuma punkts

Tas nav stress, kas mūs nogalina,
bet gan mūsu reakcija uz to.

Hanss Selje – stresa teorijas pamatlicējs
